Dear Mr. Prock:

RE: Coverage Under the Storm Water Baseline General Permit

Permit Number: **SO3-000908**

Facility\Site Name: Alaska Marine Lines
Address: 7100 2nd Avenue S.W.
Seattle, WA 98124-3757

The Washington Department of Ecology has reviewed your application for coverage under the Storm Water Baseline General Permit. We are granting coverage under the permit as of the date indicated on the cover page of the enclosed permit.

Please note your Permit Number on this letter and on the cover page of the enclosed permit. Use this number in any future correspondence (e.g., submitting a Notice of Termination, or a Notice of Intent because of a change of information) with Ecology.

Please read the enclosed permit carefully. As a permittee, you are legally obligated to comply with its terms and conditions. A document called a Fact Sheet has been prepared by Ecology which helps to explain the permit. You may request a copy of the Fact Sheet by calling (206) 438-7034.

The most significant requirement of the permit is the development of a Storm Water Pollution Prevention Plan. Plan requirements for industrial facilities are given in Special Condition S9. The purpose of Storm Water Pollution Prevention Plans is to reduce, eliminate, or prevent the pollution of storm water through the application of Best Management Practices. Such plans are to be implemented within the time frames identified in Special Condition S1.

There is currently no fee associated with this permit. According to state law, Ecology must charge an annual fee for its discharge permits. Ecology will hold public meetings and hearings in 1993 to establish a fee(s) for this permit through amendment to its wastewater discharge permit fee regulation. Ecology will notify permittees of permit fee charges by mailed billing statements. Fees for coverage under this permit will be collected semi-annually beginning in the state's 1994 fiscal year (July 1993 - June 1994).

You, or a third party, may appeal this decision to cover your facility/site. An appeal may be filed with the Pollution Control Hearings Board, P.O. Box 40903, Olympia, Washington 98504-0903 within thirty days of receipt of this notification. In addition, a copy of the appeal must be served on the Department of Ecology, P.O. Box 47696, Olympia, Washington 98504-7696. Enclosed is a copy of RCW 43.21B.310 which lists the procedures and requirements for the appeal process.

This permit expires on November 18, 1995. Unless otherwise notified by Ecology, a new Notice of Intent must be submitted to the Department of Ecology at least 180 days prior to that date.

Please call (206) 438-7614 if you have any questions.

Sincerely,

James D. Krull, Supervisor
Point Source Management Section
Water Quality Program

Dear Mr. Prock:

RE: Notice of Intent (NOI) for Coverage Under the Storm Water Baseline
General Permit

Facility\Site Name: Alaska Marine Lines
Address: 7100 2nd Avenue S.W.
Seattle, WA 98124-3757

The Washington Department of Ecology has received your application (NOI) for coverage under the Storm Water Baseline General Permit. After reviewing the application, we have determined that the following clarification is needed before we can grant coverage:

The Standard Industrial Classification (SIC) Code(s) listed in Section VI for this facility appear(s) to be incorrect. Please verify your SIC code. Make any correction directly on the NOI, and place your initials adjacent to the correction.

Refer to the instructions for proper completion of the NOI, or call us at (206) 438-7614 if you need assistance. Return the completed NOI by February 18, 1993 to:

Washington Dept. of Ecology
